

A DJ is shown from the side, wearing a yellow and green wristband, adjusting knobs on a Pioneer DJ mixer. The mixer is on a table, and a turntable with a black vinyl record is visible on the right. In the background, a large, out-of-focus crowd of people is gathered at an outdoor festival with trees and a building in the distance.

You're the DJ

You're the DJ!

by Meaghan O'Connor-Vince

You're the DJ! is designed for middle and high school students to learn about styles and techniques of DJs using the EDU version of you.dj (school-safe lyrics) you.dj/edu. You'll learn how to use you.dj and create your own mixes in styles like hip hop, house, EDM, techno, dubstep and more.

[You.dj/edu](https://you.dj/edu) is 100% online!
